## TOOLS PACKAGES

### PACKAGE FOR HAND DRILLING

Based on 10 meters

| Description  | Reference   | Quantity suggested |
|--|-------------|--------------------|
| ø63mm hand auger x ø22mm rods thread*                | F5 01006302 | 1                  |
| ø22mm probe extension rod, hollow, 1 meter length**  | F5 02002202 | 10                 |
| Hand auger handle, for ø22mm rods                    | F5 09002201 | 1                  |
| Handling wrench for ø 22mm rods                      | F5 09000302 | 2                  |
| <b>OPTION</b>  |             |                    |
| Lifting device for 22mm rods                         | D4 1901201  | 1                  |
| <b>INJECTION OPTION</b>                              |             |                    |
| Hand injection pump <a href="#">see p.24</a>         | C6 0101601  | 1                  |
| Hand auger handle, ø22mm rods thread, with injection | F5 09002202 | 1                  |

\* [see p.84](#) Other diameters available.

\*\* These rods can be used for probe implementation.

Other types available (23 square, 20x27 thread)

### PACKAGE FOR DRILLING WITH CONTINUOUS FLIGHT AUGER Ø 63 MM

Based on 30 meters

| Description  | Reference   | Quantity suggested |
|--|-------------|--------------------|
| Continuous flight auger ø63x 1,50 meter length ( hexagon 21mm) | F1 01006303 | 20                 |
| Pin for hexagon 21mm   | F1 04002101 | 25                 |
| ø63 tungsten cutting bit                                       | F1 02006301 | 5                  |
| ø63 auger security holder                                      | F1 04006302 | 1                  |
| ø63 auger fishing device                                       | F1 04006301 | 1                  |
| <b>OPTION</b>  |             |                    |
| Cardan joint hex41 box x hex21 box                             | F1 06025003 | 1                  |
| Hex 21 pin x ø22 box connection (for ø22 probe extension rod)  | F1 05002105 | 1                  |

\*Other diameter available [see p.85](#)

## PACKAGE FOR DRILLING WITH ROTARY INJECTION BIT

Based on 30 meters

| Description  | Reference    | Quantity suggested |
|--|--------------|--------------------|
| ø42mm. drilling rod 1,50 meter length*             | K1 010004203 | 20                 |
| ø42mm nipple                                       | K1 020004201 | 22                 |
| Tricone bit 2"1/2 (63,5mm) x N ROD thread (pin)    | I1 040025001 | 1                  |
| ø42mm rods x N ROD connection (box-box)            | E3 031004202 | 1                  |
| 3-way drag bit 2"1/2 (63,5mm) x A ROD thread (pin) | ID 01025001  | 2                  |
| ø42mm rods x A ROD connection (box-box)            | E3 031004201 | 1                  |
| <b>OPTION</b>                                      |              |                    |
| Injection head hex29 x ø42mm (box-box)             |              |                    |

\* Other diameters available [see p.100](#)

## PACKAGE FOR ROTARY PERCUSSION DRILLING

Based on 30 meters

| Description                                      | Reference   | Quantity suggested |
|--|-------------|--------------------|
| Drilling rod R32 - 1.22m long (ø32 mm - pin-pin) | H1 02003206 | 20                 |
| Nipple for R32 rod (box-box)                     | H1 02003211 | 22                 |
| Cross bit ø64mm x Fem R32                        | H1 01106404 | 2                  |
| Button bit ø64mm x Fem R32*                      | H1 01206401 | 2                  |
| Wrench for R32 rods                              | H1 09003201 | 2                  |

\* Exists in retric profile [see p.94](#)
